Docket No. 8377

Green Mountain Power Corporation)
2014 Integrated Resource Plan)

(1)

**GREEN MOUNTAIN POWER CORPORATION'S
PETITION FOR APPROVAL OF
2014 INTEGRATED RESOURCE PLAN**

Now comes Green Mountain Power Corporation ("GMP") and states as follows:

1. GMP is a Vermont corporation operating as an integrated electric utility in the state of Vermont, and is subject to the regulatory authority of the Vermont Public Service Board ("Board").
2. Together with this Petition, GMP has filed its 2014 Integrated Resource Plan ("IRP"), pursuant to the provisions of 30 V.S.A. § 218c.
3. GMP submits that the IRP is consistent with the provisions of 30 V.S.A. § 218c, in that it constitutes a plan for meeting the public's need for energy services, after safety concerns are addressed, at the lowest present value life cycle cost, including environmental and economic costs, through a strategy combining investments and expenditures on energy supply, transmission and distribution capacity, transmission and distribution efficiency, and comprehensive energy efficiency programs.
4. Now, therefore, GMP respectfully requests that the Board:
 - a) Take such actions as will be necessary to decide this Petition;
 - b) Find that the IRP:

- 1) constitutes a plan for meeting the public's need for energy services, after safety concerns are addressed, at the lowest present value life cycle cost, including environmental and economic costs, through a strategy combining investments and expenditures on energy supply, transmission and distribution capacity, transmission and distribution efficiency, and comprehensive energy efficiency programs;
 - 2) is reasonably consistent with achieving the goals and targets of 30 V.S.A. § 8005(d), and
 - 3) is consistent with the provisions of 30 V.S.A. § 218c; and
- c) Issue an order:
- 1) approving the IRP pursuant to Section 218c of Title 30; and
 - 2) granting such other and further relief as the Board may deem appropriate.

DATED at Burlington, Vermont this 1st day of December, 2014.
